

## INTERNATIONAL SEARCH REPORT

International application No.  
PCT/BR 2003/000177-0

CLASSIFICATION OF SUBJECT MATTER		
IPC <sup>7</sup> : C07C 49/217, A61K 31/12		
According to International Patent Classification (IPC) or to both national classification and IPC		
B. FIELDS SEARCHED		
Minimum documentation searched (classification system followed by classification symbols)		
IPC <sup>7</sup> : C07C, A61K		
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched		
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used)		
CAS, REGISTRY, WPI, EPODOC		
C. DOCUMENTS CONSIDERED TO BE RELEVANT		
Category	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
X	US 4521629 A (AMERICAN CYANAMID CO) 4 June 1985 (04.06.1985) ; cited in the application <i>claim 1</i> .	1,2
X	Ramanan, P. N.; Rao, M. N. A. "Synthesis and evaluation of 1,5-diphenylpenta-1,4-dien-3-ones as antiinflammatory agents" Indian Journal of Pharmaceutical Sciences (1989), 51(5), 207-8 (abstract). Chemical Abstracts [online] Copyright 2004 American Chemical Society [retrieved on 26 May 2004 (26.05.2004) ]. Retrieved from STN International, Karlsruhe. Chem. Abstr. No. 1991:42183; cited in the application. <i>abstract</i> .	1,2
<input checked="" type="checkbox"/> Further documents are listed in the continuation of Box C. <input checked="" type="checkbox"/> See patent family annex.		
* Special categories of cited documents: „A“ document defining the general state of the art which is not considered to be of particular relevance „E“ earlier application or patent but published on or after the international filing date „L“ document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) „O“ document referring to an oral disclosure, use, exhibition or other means „P“ document published prior to the international filing date but later than the priority date claimed „T“ later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention „X“ document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone „Y“ document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art „Z“ document member of the same patent family		
Date of the actual completion of the international search 27 May 2004 (27.05.2004)		Date of mailing of the international search report 7 July 2004 (07.07.2004)
Name and mailing address of the ISA/AT Austrian Patent Office Dresdner Straße 87, A-1200 Vienna Facsimile No. 1/53424/535		Authorized officer MÜLLER-HIEL R. Telephone No. 1/53424/434

Form PCT/ISA/210 (second sheet) (July 1998)

INTERNATIONAL SEARCH REPORT

International application No.  
PCT/BR 03/00177-0

Certain observations:

The claims are not considered to meet the requirements of PCT-Article 6 and PCT-Rule 6, because the claims do not clearly define the matter for which protection is sought. For further processing of the application, the claims should be amended.
